

## **How To Update Software On Sierro 22" HD TV**

1. Insert update file (MERGE.bin) onto the root menu of a blank USB Device.

2. Insert the USB Device into the USB Port of the TV.

3. Turn on TV and follow the below steps using the remote control:

*MENU---->CHANNEL--->Software Update---->Software Update(USB)--->Yes*

4. After the update the TV system will restart automatically, after the restart the TV can be used as normal.

**During The Upgrade, Do Not Turn Off The Power To The TV**
